

We are looking for support in...

Web Development

We are a startup with currently 10 employees from Paderborn. Why should you choose Cellgo? We are changing the way online stores, retail and many other industries manage inventory. So come join the team and help improve the experience in these parts of everyday life.

Key Facts

- Minijob, part-time.
- Flexible working hours.
- Homeoffice feasible.
- Possible starting point within a timely manner.

As **technical working student** (m/f/d) you actively contribute to the development of the company. In our team you have responsibility and receive support whenever you need it.

In your tasks...

- you will help to improve our User Experience and User Interface Design.
- you will gain insights into the german StartUp culture.
- you will get an opportunity to receive a full-time job after your studies

Your profile includes...

- an ongoing degree in computer science or a related discipline with a focus on Web development.
- a good knowledge of MySQL for database management and the web framework - Flask. Experiences in API programming are an advantage!
- good programming skills with the knowledge of HTML, CSS, JavaScript and Python.
- fluent communication skills in English and/or German.

You are looking for an exciting job with a humorous team, have open questions or would just like to get to know us? Send Harshita a short email and introduce yourself.
